CORRECTION TO FILING RECEIPT

Dear Sir:

I am in receipt of the Response to Request for Corrected Filing Receipt mailed September 26, 2005, copy of which is attached. Please note the following:

- 1. The application claims priority from PCT Application PCT/IL03/00832 filed October 14, 2003, which was an international application designating the U.S. as required under 37 CFR 1.78 (4).
- 2. The PCT Application claims priority from the U.S. Provisional Patent Application 60/418,599. The PCT application was filed during the 1 year pendency of the Provisional Patent Application and contains a reference to the prior-filed provisional application as required under 37 CFR 1.78 (5).

Thus, an unbroken chain of priority from the U.S. Provisional Application was cited at the time of filing, both in the first sentence of the application and in the transmittal form.

A corrected filing receipt is solicited at your earliest convenience.

Respectfully submitted,

Dated: September 29, 2005

RESPONSE TO REQUEST FOR CORRECTED FILING RECEIPT

Domestic Continuity and Foreign Priority

In response to your request for a corrected Filing Receipt, the Office is unable to comply with the request because:

The priority or continuity claim has not been entered because it was not filed during the required time period. Applicant may wish to consider filing a petition to accept an unintentionally delayed claim for priority. See 37 CFR 1.55 or 1.78.
Continuity claimed under 35 U.S.C. § 120 cannot be added to the Filing Receipt without the applicant supplying the relationship (continuation, divisional, or continuation-in-part) in an Application Data Sheet or amendment to the first page of the specification.
A claim for priority cannot be made based on an application filed after the application making the claim.
Domestic benefit and foreign priority claims will not be captured in a provisional application. A provisional application is not entitled to a right of priority or to the benefit of an earlier filing date of any other application. See 35 U.S.C. § 111(b)(7) and 37 CFR 1.53(c)(4).
A domestic continuity claim cannot be made to a foreign application and the filing receipt will only list the foreign country, application number, and filing date.
Foreign priority will appear on the Filing Receipt in the following order: Country, Application number, Filing date.
This application is the result of a conversion from a provisional application. Priority based on such application cannot be made since it no longer exists as a provisional application.

, (24)	The application(s) to which priority is claimed were filed over a year prior to the falling date of the application. Therefore, the referenced application(s) cannot be claimed as domestic or foreign priority.
	To change the benefit claim of a U.S. prior-filed application, applicant must amend the first sentence of the specification (if the benefit claim is referenced in the specification), or provide a supplemental application data sheet (ADS) (if the benefit daim was submitted in an ADS), with the desired benefit claim. Note that once a benefit claim is deleted, applicant will not be able to claim such prior-filed application again, if the above-identified application was filed on or after November 29, 2000.
	To change a foreign priority claim, applicant must submit a supplemental oath or declaration (if the priority claim is referenced in the oath or declaration), or a supplemental application data sheet (ADS) (if the priority claim was submitted in an ADS), with the desired priority claim. If a supplemental ADS is submitted, any deletions should be shown with strikeouts. Note that once a priority claim is deleted, applicant will not be able to claim such foreign application again, if the above-identified application was filed on or after November 29, 2000.
